

Blown Film Extruder Operator

AL-PACK Enterprises Ltd. is a locally owned manufacturer and distributor of packaging solutions with sales across North America. We are a fast growing company with a vision and our success is directly attributed to our dedicated employees and our customer relationships. We are currently seeking an **Extruder Operator – (12 hour shifts – 24/7 operation)** to operate our blown film extruder(s) in our Moncton facility. Primary responsibilities include:

Responsibilities:

- Set-up and operate blown film extrusion equipment to produce polyethylene and printed compostable films as per recommended blends/recipes
- Perform equipment maintenance which includes equipment tear down
- Troubleshoot and make minor adjustments to equipment
- Work closely with the Maintenance Department to ensure optimal equipment performance
- Perform quality control inspections
- Generate multiple reports via the equipment software
- Participate in continuous improvement (i.e. Lean Manufacturing, 5S)
- Create and maintain a safe and clean work environment

Qualifications:

- Minimum 3-5 years of experience as an extruder operator (blown film)
- Extruding and/or knowledge in compostable/biodegradable plastics an asset
- Experience operating coextrusion equipment an asset.
- Experience in injection molding may be considered
- Vocational / college training would be an asset
- Able to work in a very fast-paced environment
- Positive team approach
- Attention to detail
- Able to lift 50lbs – 70 lbs
- Experience using Microsoft Outlook, Word & Excel

If you are interested in this position, please provide a resume in MS Word or PDF format to resume@al-pack.com.

We thank all applicants for their interest; however only those considered for an interview will be contacted. All other resumes will be retained for future consideration.
